Experience

2020 - 2022
Jashore IT Institute l Monihar , Jashore
Junior Web Developer

As a Junior Web Developer at Jashore IT Institute, I gained valuable experience working on various web development projects for two years. I assisted senior developers in designing and implementing web-based solutions, coding, debugging, and testing web applications, and ensuring timely delivery to clients. I developed proficiency in HTML, CSS, JavaScript, PHP, React, and Bootstrap, as well as experience with databases like MySQL and MongoDB. My experience as a Junior Web Developer has equipped me with a solid foundation in web development and prepared me for more senior roles.

2019 - 2020
Sruare IT l Daratana , Jashore
Front-End Web Developer

As a Front-End Web Developer at Square IT, I worked for one year on various web development projects. My primary responsibilities included developing and maintaining the front-end of web applications, ensuring seamless user experience and cross-browser compatibility. I developed proficiency in HTML, CSS, JavaScript, and frameworks such as React and Vue.js. I also gained experience in version control using Git and collaborating with back-end developers to integrate front-end with server-side functionalities. My experience as a Front-End Web Developer has equipped me with a strong foundation in front-end development and prepared me for more challenging roles.

2018 - 2019
